

ATTENTION!

What could

YOU STAND TO LOSE

in a Paratransit, Demand Response, or Special Needs Vehicle Fire?

JOMARR
PRODUCTS, INC.
Vehicle Fire & Safety Systems

WHAT COULD YOU STAND TO LOSE IN A PARATRANSIT, DEMAND RESPONSE, OR SPECIAL NEEDS VEHICLE FIRE?

- Precious Cargo
- Equipment Damage
- Personal Injury Liability
- Vehicle Downtime for Repair
- Loss of a Revenue Producing Vehicle

THE NEED FOR AUTOMATIC FIRE PROTECTION

The Modern Paratransit, Special Needs and Demand Response Vehicle—
... with required Emission Control Systems and Handicap Access Equipment,
... with costly ancillary equipment such as HVAC Systems, AVL Tracking Systems,
Video Systems, etc.,
... whether Diesel, CNG, LNG, Methanol, Gasoline, Electric, or Fuel Cell powered.
... a major capital investment!

The Jomarr Vehicle Thermatic Extinguisher Systems are designed to protect certain hazardous areas where fires start and spread quickly. Applications include:

- Vehicle Engine Compartment
- Dashboard Area
- Fuel Filler/Tank Area
- Battery Boxes
- Particulate Trap Area
- AC Condenser/Evaporator Area
- Electrical Cabinets
- Coolant Heater Compartment
- Wherever Potential Fire Hazard Exists
